

**BOMA
Saskatchewan
2024**

**Earth
Awards**

**BOMA Saskatchewan Awards
presentation will be held at on
May 16.**

**Local winners will be eligible to
enter the BOMA Canada National
Awards provided national entrance
criteria are met.**

Earth Awards recognize excellence in resource preservation and environmentally sound commercial building management.

- All Buildings that achieve BOMA BEST® certification through BOMA Saskatchewan within the annual awards cycle (April 1, 2023 – March 31, 2024) are automatically entered.
- **No application is necessary.**
- The Earth Award is presented to the building that obtained the highest overall BOMA BEST® score in each of the following asset classes:
 - Office – must be at least 50% office area;
 - Industrial Office - industrial properties with more than 5% and less than 50% office area;
 - Retail - enclosed or open-air shopping centers or power centers. No minimum office area is required;
 - Multi Unit Residential - buildings comprised of a common entrance and separate dwelling units;
 - Health Care Facility (Hospitals/Medical Office Buildings) – to qualify as a hospital, more than 50% of the gross floor area of all buildings must be used for general medical and surgical services; AND more than 50% of the licensed beds must provide acute care services; AND these facilities must operate on a 24/7 basis; to qualify as a medical office building, more than 50% of total facility space is used primarily to provide diagnosis and treatment (no major surgery) for medical, dental, or psychiatric outpatient care; and do not operate on a 24/7 basis;
 - Universal – College/Universities, Courthouses, Museums, etc. (No use or size restrictions)

All entrants acknowledge and accept the following terms & conditions:

Judging results are verified by BOMA Saskatchewan. All results are final and are not subject to appeal. BOMA Awards Committees & Judges are industry representatives who volunteer their time & expertise for this program. Photographs may be used in awards program materials & media.
